

THE HARD FACTS ABOUT CONCRETE FLOORS

“Traditional Local Style Floors and ANCON’s Worlds Best Practice”

VALUE PROPOSITION - COMMERCIAL FACTS

THE FACTS - DIAGRAMS 1 TO 6

Typical facts show that Diagrams 1 to 6 can contribute to a saving of between US\$4 - US\$8 per m² when using the ANCON Worlds Best Practice compared to a local practice.

These are based on knowledge gained throughout SE Asia. The facts are a guide only. The facts do vary from customer to customer and project to project and also depend on the level of commitment and cooperation of the contractors who construct floors.

ANCON FLOOR - OTHER BENEFITS

- Much more environment friendly
- Less damage and maintenance on fork trucks
- Less injury to workers
- Very satisfied customers
